Product Description

Product Description:

Used Concrete Pump Truck for Sale

If you are in need of a reliable and cost-effective way to pump concrete, then look no further than our selection of used concrete boom trucks for sale. Our used concrete pump trucks offer the perfect solution for all your construction needs.

Product Overview

The Used Concrete Pump Truck is a highly versatile and efficient machine that is designed to pump concrete to hard-to-reach areas on a construction site. It is equipped with a boom that can extend up to 6 meters, providing a wide range of coverage and flexibility for any project.

Key Features

Year: 2012

Axel: 3

Dimension: 12060*2500*4000mm³

Gross weight: 33Ton

Our used concrete pump trucks are carefully inspected and maintained to ensure they are in top working condition. They are also equipped with advanced technology to deliver precise and efficient concrete pumping, saving you time and labor costs.

Benefits

With a Used Concrete Pump Truck, you can expect the following benefits:

Flexibility: The boom can reach up to 6 meters, allowing you to pump concrete to difficult or elevated areas.

Efficiency: Our trucks are equipped with advanced technology to ensure precise and efficient pumping, reducing labor costs and increasing productivity.

Cost-effective: Purchasing a used concrete pump truck is a cost-effective alternative to buying a new one, saving you money while still getting a high-quality machine.

Reliability: Our used concrete pump trucks are thoroughly inspected and maintained to ensure they are in top working condition, providing you with a reliable and efficient solution for your construction needs.

Why Choose Us?

At Used Concrete Pump Truck, we are dedicated to providing our customers with the best products and services. When you choose us, you can expect:

High-quality used concrete pump trucks that have been thoroughly inspected and maintained.

Competitive prices that fit your budget.

Expert advice and assistance in selecting the right truck for your specific needs.

Excellent customer service and support to ensure your satisfaction.

Don't miss out on the opportunity to own a reliable and cost-effective Used Concrete Pump Truck. Contact us today to learn more or to schedule a visit to our showroom.

Used Concrete Pump Truck for Construction - ZOOMLION ZLJ5336THB

If you are looking for a reliable and cost-effective solution for your construction projects, then ZOOMLION's used concrete pump truck is the perfect choice for you. With its superior quality, high efficiency, and powerful performance, this concrete pump truck will help you complete your projects in a timely and efficient manner.

Brand Name: ZOOMLION

As one of the leading manufacturers of construction machinery in China, ZOOMLION is known for its high-quality products and excellent after-sales service. Our used concrete pump truck is no exception, and it is guaranteed to meet your specific needs and requirements.

Model Number: ZLJ5336THB

The ZLJ5336THB model is a powerful and versatile concrete pump truck that is designed to handle even the most demanding construction projects. With its advanced features and innovative design, it is the perfect choice for any construction site.

Place of Origin: CHINA

All of our used concrete pump trucks are made in China, ensuring the highest quality standards and the use of the latest technology. We take great pride in our products and are committed to providing our customers with the best possible solutions for their construction needs.

Minimum Order Quantity: 1 UNIT

At ZOOMLION, we understand that every construction project is unique and may require a different number of concrete pump trucks. That's why we have a minimum order quantity of just one unit, allowing our customers to choose the exact number of trucks they need.

Price: Negotiate

We offer competitive prices for our used concrete pump trucks, and our team is always willing to negotiate to find a price that fits your budget. We believe in providing our customers with value for their money and ensuring their satisfaction with our products.

Packaging Details: Containers, RORO ship

We understand the importance of safe and efficient transportation of our products. That's why we offer packaging options of containers and RORO ships, ensuring that your used concrete pump truck arrives at your construction site in perfect condition.

Delivery Time: 25 Days

With our efficient production processes and timely delivery, we can guarantee that your used concrete pump truck will be delivered to you within 25 days of placing your order. We understand the value of time in the construction industry and strive to meet our customers' deadlines.

Payment Terms: L/C, T/T

We offer flexible payment options of L/C and T/T, making it easy for our customers to complete their transactions. Our team is dedicated to providing a hassle-free and transparent payment process, ensuring your satisfaction with our services.

Supply Ability: 10/unit/month

With a supply ability of 10 units per month, we are well-equipped to meet the demands of our customers. Our efficient production processes and quality control measures ensure that we can consistently provide our customers with high-quality used concrete pump trucks.

Emission Standard: Stage

Our used concrete pump trucks meet the Stage emission standards, ensuring that they are environmentally friendly and comply with international regulations. We take our responsibility towards the environment seriously and strive to reduce our carbon footprint.

Engine Power: 300/1800

The ZLJ5336THB used concrete pump truck is equipped with a powerful engine that provides an output of 300 horsepower at 1800 rpm. This enables the truck to handle heavy loads and tough working conditions, making it the perfect choice for any construction project.

Chassis Brand: Benz

The chassis of our used concrete pump truck is made by the renowned brand Benz, known for its durability, reliability, and superior performance. This ensures that our truck can withstand the rigors of the construction site and operate smoothly in any terrain.

Axle: 3

Our used concrete pump truck is equipped with three axles, providing stability and balance while operating. This ensures the safety of the operator and the smooth functioning of the truck, making it an essential tool for any construction project.

Capacity: 180m3/h

The ZLJ5336THB model has a high capacity of 180m3/h, making it suitable for a wide range of construction projects. This allows for a continuous and efficient supply of concrete, reducing downtime and increasing productivity.

Conclusion

ZOOMLION's used concrete pump truck is a reliable and cost-effective solution for all your construction needs. With its superior quality, high efficiency, and powerful performance, it is the perfect choice for any construction project in China. Contact us today to get your hands on this exceptional product at a competitive price.
