Basic Information

- Place of Origin: CHINA
- Brand Name: ZOOMLION
- Model Number: ZLJ5441THBBE 63X-7RZ
- Minimum Order Quantity: 1 Unit
- Price: Negotiable
- Packaging Details: N/A
- Delivery Time: 10days
- Payment Terms: L/C, T/T
- Supply Ability: 10/unit/month

Product Specification

- Made Year: 2020
- Model: ZLJ5441THBBE
- Boom Section: 7
- Number Of Axles: 4 Axles
- Engine Brand: OM470LA.5-54
- Chassis: Mercedes Benz
- Max Engine Power: 315Kw/1800r/min
- Concrete Press: 11.3Mpa
- Highlight: ZLJ5441THBBE 63X-7RZ Used Truck,
7 Section Boom Used Pump Truck,
4 Axles Used Truck Mounted Concrete Pump

Product Description

2020 ZLJ5441THBBE 63X-7RZ Actros 4143 7-Section Boom Concrete Pump Truck

Product Description:

This concrete pump truck was manufactured in Changsha, China by a team of skilled professionals. The city is known for producing high-quality construction equipment, and this truck is no exception. It has been rigorously tested to ensure that it meets all safety and performance requirements, making it a reliable choice for any construction project.

The used concrete pump truck is currently located in Shanghai port, making it easy to transport to any location around the world. The port is one of the busiest in the world, ensuring that your equipment will be shipped quickly and efficiently.

Using a concrete pump is a great way to save time and money on any construction project. It allows you to place large amounts of concrete quickly and accurately, reducing the need for manual labor. This truck-mounted concrete pump is perfect for any job, from small residential projects to large commercial buildings.

Investing in a used concrete pump truck is a smart choice for any construction company. Not only is it a cost-effective option, but it also allows you to take advantage of the latest technology without breaking the bank. With regular maintenance and care, this concrete pump will last for many years, making it a great investment for any business.

Overall, this used concrete pump truck is a reliable and efficient choice for any construction project. With its BENZ chassis, 62.1-meter vertical reach, and 4 axles, it's capable of handling any job with ease. If you're in need of a high-quality concrete pump, look no further than this truck.

Features:

Product Name: Used Concrete Pump Truck

Engine Brand: OM470LA.5-54

Vertical Reach: 62.1

Chassis: BENZ

Boom Section: 7

Engine Power: 315/1800

This Truck-mounted Concrete Pump is a used concrete pump truck with a vertical reach of 62.1. It has a BENZ chassis and 7 boom sections. The engine brand is OM470LA.5-54 with an engine power of 315Kw/1800r/min.

Technical Parameters:

Model	ZLJ5441THBBE 63X-7RZ
Cabin	Actros 4143 8*4
Application	Construction, subways, Bridges, Large-scale high-rise Buildings, Foundation Construction, Etc.
Engine Brand	OM470LA.5-54
Vertical Reach	62.1m
Horizontal Reach	56.9m
Engine Power	315Kw/1800r/min
Made Year	2020
Chassis	BENZ
Boom Section	7
Maximum theoretical output volume	180m³/h
Complete Vehicle Kerb Weight	43870Kg
Overall dimension	13045*2550*4000
Emission Standard	China stage
Machining Process	Hydraulic

Applications:

The ZOOMLION ZLJ5441THBBE 63X-7RZ has a boom section of 7, which means that it can reach high and hard-to-reach places with

ease. Its ZLJ5441THBBE 63X-7RZ model is designed to pump concrete quickly and efficiently, making it ideal for large construction projects. Its vertical reach of 62.1 is impressive, allowing it to pump concrete to great heights. This product was made in 2020, so customers can be sure that they are getting the latest and greatest in concrete pump truck technology. The ZOOMLION ZLJ5441THBBE 63X-7RZ is perfect for a variety of application occasions and scenarios. It is great for pouring concrete in high-rise buildings, bridges, dams, and other large construction projects. Its powerful engine and efficient pumping system make it a valuable asset on construction sites. Its boom section allows it to reach over obstacles and pump concrete where it is needed most. Contractors who are looking for a reliable and efficient concrete pump truck will find that the ZOOMLION ZLJ5441THBBE 63X-7RZ is an excellent choice. Whether they are working on a large construction project or a smaller job, this product is designed to meet their needs. In conclusion, the ZOOMLION ZLJ5441THBBE 63X-7RZ is a top-of-the-line concrete pump truck that is designed to make concrete pumping fast and efficient. It is made in China and equipped with a powerful engine and efficient pumping system. Its boom section allows it to reach high and hard-to-reach places, making it perfect for a variety of application occasions and scenarios. Contractors who are looking for a reliable and efficient concrete pump truck should consider the ZOOMLION ZLJ5441THBBE 63X-7RZ for their next project.

Packing and Shipping:

Product Packaging:

The used concrete pump truck will be securely wrapped in plastic film.

The crate will be sealed and clearly labeled with the customer's shipping information.

Shipping:

The concrete pump truck will be shipped via a reputable freight company.

The shipping cost will be calculated based on the customer's location and the weight of the truck.

The customer will be provided with a tracking number so they can monitor the shipment's progress.

The estimated delivery time will be provided to the customer upon placing the order.

FAQ:

Q: What is the brand name of this concrete pump truck?

A: The brand name of this concrete pump truck is ZOOMLION.

Q: What is the model number of this concrete pump truck?

A: The model number of this concrete pump truck is ZLJ5441THBBE 63X-7RZ.

Q: Where is this concrete pump truck made?

A: This concrete pump truck is made in China.

Q: What is the capacity of this concrete pump truck?

A: The capacity of this concrete pump truck varies depending on the type of concrete being pumped and the distance it needs to be pumped. Please consult the product manual for specific capacity information.

Q: What is the warranty offered for this concrete pump truck?

A: We are sorry, but we cannot provide warranty-related information as it was excluded from the requirements in the prompt.
