Basic Information

- Place of Origin: CHINA
- Brand Name: SANY
- Model Number: SYM5449THBE 56C-8A
- Minimum Order Quantity: 1 Unit
- Price: Negotiable
- Packaging Details: N/A
- Delivery Time: 10days
- Payment Terms: L/C, T/T
- Supply Ability: 5/unit/month

Product Specification

- Model: SYM5449THBE 56C-8A
- Year: 2020
- Chassis: Mercedes Benz
- Engine Brand: OM470LA.5-54
- Boom Section: 6
- Cabin: Actros 4143 8*4
- Engine Power: 315/1600Kw/rpm
- Kerb Mass: 43870Kg
- Highlight: 56m used concrete pump truck,
56m concrete pump truck second hand

Product Description

Product Description:

Equipped with an Actros 4143 cabin, this truck is built to withstand heavy use and provide a comfortable ride for the operator. The hydraulic machining process ensures efficient and precise pumping of concrete, while the 6-section boom allows for extended reach and flexibility on the job site.

The truck was manufactured in Changsha, China, known for its high-quality industrial production. Its model, SYM5449THBE, is a popular choice for those in need of a truck-mounted concrete pump with a proven track record of excellence.

With this used concrete pump truck, you can expect reliable performance and durability, making it a smart investment for any business in the construction or industrial sector.

Features:

Product Name: Used Concrete Pump Truck

Port: China port

Factory Location: Changsha, China

Machining Process: Hydraulic

Engine Brand: OM470LA.5-54

Chassis: BENZ

This Used Concrete Pump Truck is a reliable and efficient beton pump, perfect for any construction project. With a hydraulic machining process and a powerful OM470LA.5-54 engine from BENZ, this used concrete pump truck is ready to tackle any job. Its factory location in Changsha, China and port in ShangHai make it easily accessible for purchase.

Technical Parameters:

Application	Construction, subways, Bridges, Large-scale high-rise Buildings, Foundation Construction, Etc.
Engine Brand	OM470LA.5-54
Factory Location	Changsha, China
Machining Process	Hydraulic
Chassis	Mercedes Benz
Model	SYM5449THBE
Cabin	Actros 4143
Number Of Axles	4 Axles
Made Year	2020
Boom Section	6

Applications:

With its powerful OM501LA. /3 engine, the SANY SYM5449THBE can deliver concrete at a high rate of speed, making it one of the most efficient and effective truck mounted concrete pumps on the market. Its hydraulic machining process ensures that the concrete is delivered smoothly and consistently, without any blockages or interruptions.

There are many occasions and scenarios where the SYM5449THBE would be the perfect choice for construction projects. For example, if you are building a tall skyscraper, this concrete pump truck can easily reach the upper floors and deliver concrete quickly and efficiently. It is also ideal for building bridges, as it can easily navigate uneven terrain and deliver concrete to hard-to-reach areas.

If you are working on a large construction site with multiple buildings, the SYM5449THBE can be used to transport concrete from one location to another, making it a versatile and valuable asset to any construction project. Additionally, the SYM5449THBE can be used for small-scale construction projects, such as building homes or commercial properties, where it can deliver concrete directly to the construction site.

The SYM5449THBE is manufactured in China and is available for purchase at the ShangHai port. Its Actros 4143 cabin provides a comfortable and safe environment for the operator, ensuring that they can work efficiently and effectively throughout the day. Overall, the SYM5449THBE is a reliable and efficient concrete pump truck that is perfect for a wide range of construction projects.

Packing and Shipping:

Product Packaging:

The used concrete pump truck will be securely packed in a wooden crate.

The crate will be sealed and labeled with the product information and handling instructions.

Shipping:

The used concrete pump truck will be shipped via a reputable freight carrier.

The carrier will be selected based on the destination and delivery timeframe.

The customer will be provided with the tracking information once the product has been shipped.
