

2020 ZLJ5140THBJE 10024 Concrete Line Pump Old 90m³/H Diesel Power ZOOMLION

Our Product Introduction

for more products please visit us on hnhzmachinery.com

Basic Information

- Place of Origin: China
- Brand Name: ZOOMLION
- Model Number: ZLJ5140THBJE
- Minimum Order Quantity: 1 Unit
- Price: Negotiable
- Packaging Details: Container/Ro-Ro Ship/Bulk ship
- Delivery Time: 15work days
- Payment Terms: L/C, T/T
- Supply Ability: 10/unit/month

Product Specification

- Model: 10024
- Year: 2020
- Engine Power: 136 KW
- Equipment Volume: 90m³/h
- Chassis: CA1167PK2L2BE5A80
- Power Type: Diesel
- Dimension: 9100*2450*3140mm
- Weight: 13605kg
- Highlight: **Old ZOOMLION Concrete Line Pump, Diesel Power Concrete Line Pump Used, 90m³/H Second Hand Concrete Line Pump**

Product Description

2020 Used ZLJ5140THBJE 10024 Diesel Concrete Line Pump

Product Description:

With dimensions of 9100*2450*3140mm and a weight of 13605kg, this Construction Line Pump is compact enough to fit in tight spaces, yet sturdy enough to handle heavy-duty workloads. The chassis, CA1167PK2L2BE5A80, provides reliable support and stability, ensuring that the Concrete Pump remains secure during operation.

Equipped with an engine power of 136 KW, this Concrete Line Trailer can easily transport concrete to any location on the construction site, with a pumping capacity of up to 50 cubic meters per hour. The pump is also designed to handle various types of concrete mixes, including high-strength mixes, making it a versatile tool for any construction project.

This particular Concrete Line Pump was manufactured in 2020.09, making it a relatively new addition to our inventory. However, it has been thoroughly tested and inspected to ensure that it is in excellent working condition, ready to take on any construction project that comes its way.

Overall, this Used Concrete Line Pump is a reliable and efficient tool for any construction project that requires precise concrete pouring. With its compact size, sturdy chassis, and powerful engine, it is capable of handling even the most demanding workloads. Don't miss out on the opportunity to add this valuable asset to your construction equipment fleet.

Features:

Model: ZLJ5140THBJE 10024

Product Name: Used Concrete Line Pump

Dimension: 9100*2450*3140mm

Engine Power: 136 KW

Equipment volume: 90m³/h

Year: 2020

Power Type: Diesel

Product Type: Concrete Line Trailer

Usage: Construction Line Pump

Additional Feature: Can be used as a Concrete Line Trailer

Technical Parameters:

| | |
|---------------------------|-------------------------|
| Product | Used Concrete Line Pump |
| Dimension | 9100*2450*3140mm |
| Pumping Cylinder Diameter | 200mm |
| Chassis | CA1167PK2L2BE5A80 |
| Year | 2020.09 |
| Power Type | Diesel |
| Weight | 13605kg |
| Engine Power | 136 KW |
| Equipment volume | 90m³/h |

Applications:

One of the key benefits of the ZOOMLION ZLJ5140THBJE 10024 Concrete Line Trailer Pump is its versatility. Whether you're working on a small residential project or a large commercial construction site, this pump is capable of handling a wide range of concrete pumping tasks. With its powerful diesel engine and advanced pumping technology, it can deliver high volumes of concrete quickly and efficiently, ensuring that your project stays on schedule and on budget.

In addition to its impressive performance capabilities, the ZOOMLION ZLJ5140THBJE 10024 Concrete Line Trailer Pump is also incredibly easy to use. Its user-friendly design and intuitive controls make it simple for even novice operators to get started, while its durable construction and high-quality components ensure that it will provide reliable service for years to come.

So whether you're building a new home, pouring a foundation, or working on a large commercial project, the ZOOMLION ZLJ5140THBJE 10024 Concrete Line Trailer Pump is the perfect choice for all your concrete pumping needs. With its advanced features, reliable performance, and versatile design, it's sure to become an indispensable part of your construction toolkit.

Key Features:

Brand Name: ZOOMLION

Model Number: ZLJ5140THBJE 10024

Place of Origin: China

Chassis: CA1167PK2L2BE5A80
Weight: 13605kg
Power Type: Diesel
Dimension: 9100*2450*3140mm
Product Application Occasions and Scenarios:
Residential Construction
Commercial Construction
Bridge and Tunnel Construction
Highway Construction
Industrial Construction
And much more!

FAQ:

Q: What is the brand name of the used concrete line pump?

A: The brand name of the used concrete line pump is **ZOOMLION**.

Q: What is the model number of the used concrete line pump?

A: The model number of the used concrete line pump is ZLJ5140THBJE 10024.

Q: Where is the used concrete line pump made?

A: The used concrete line pump is made in **China**.

Q: What is the maximum pumping capacity of the used concrete line pump?

A: The maximum pumping capacity of the used concrete line pump is 90 cubic meters per hour.

Q: What is the condition of the used concrete line pump?

A: The condition of the used concrete line pump is **fully operational and ready for use**.
