

Used Zoomlion Concrete Pump Truck 56M Heavy Machinery For Construction Work ZLJ5441THBBE

Our Product Introduction

for more products please visit us on hnhzmachinery.com

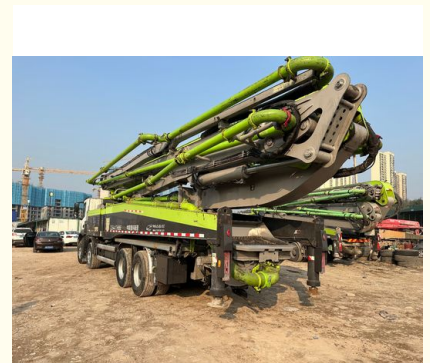

Basic Information

- Place of Origin: CHINA
- Brand Name: ZOOMLION
- Model Number: ZLJ5441THBBE

Product Specification

- Vertical Reach: 55.1
- Boom Section: 6
- Factory Location: Changsha, China
- Port: Shanghai
- Number Of Axles: 4 Axles
- Machining Process: Hydraulic
- Engine Power: 315/1600
- Application: Construction, subways, Bridges, Large-scale High-rise Buildings, Foundation Construction, Etc.
- Highlight: **56M concrete pump truck, Used Zoomlion concrete pump truck, Heavy Machinery concrete pump truck**

Product Description

Product Description:

The chassis of our concrete pump truck is made by BENZ, a well-known brand in the automotive industry. This ensures durability and strength to withstand heavy loads and rough terrain. The factory location of our concrete pump truck is in Changsha, China, where we have a team of experts who thoroughly inspect and maintain our equipment.

Our concrete pump truck is designed to make your construction process easier and more efficient. With its powerful beton Pump, you can easily transfer concrete to any location without the need for manual labor. This saves time and reduces the risk of injuries to your workers. At our company, we take pride in providing high-quality and reliable equipment to our customers. Our used concrete pump truck has been thoroughly inspected and maintained to ensure its excellent condition. We guarantee its performance and offer a warranty to give you peace of mind.

Investing in our concrete pump truck will save you money in the long run. With its efficiency, you can complete your construction projects faster, which means reduced labor costs. Additionally, our truck's durability ensures that you won't have to replace it anytime soon.

Overall, our used concrete pump truck is an excellent investment for any construction company. Its reliable performance, powerful beton Pump, and efficiency make it an essential tool for your construction needs. Contact us today to learn more and schedule a viewing of our equipment.

Technical Parameters:

Concrete Pump Type:	Used Concrete Pump Truck
Number of Axles:	4 Axles
Model:	ZLJ5541THBBE
Cabin:	Actros 4143
Boom Section:	6
Port:	ShangHai
Made Year:	2020
Vertical Reach:	55.1
Factory Location:	Changsha, China
Application:	Construction,subways, Bridges, Large-scale lhigh-rise Buildings, Foundation Construction, Etc.
Chassis:	BENZ

Applications:

The ZLJ5441THBBE model of ZOOMLION's concrete pump truck is equipped with a 6-section boom that makes it versatile for various construction needs. With a model number of ZLJ5541THBBE, this concrete pump truck has been designed to cater to a wide range of product application occasions and scenarios.

One of the most common applications of the ZLJ5441THBBE concrete pump truck is in high-rise construction projects where concrete needs to be poured at great heights. The truck-mounted concrete pump can easily reach heights of up to 60 meters, making it ideal for skyscraper projects.

Another common application of this concrete pump truck is in the construction of large-scale infrastructure projects such as bridges, tunnels, and airports. With its powerful pumping capacity and long reach, the ZLJ5441THBBE can easily deliver concrete to these sites, which are often located in hard-to-reach areas.

The ZLJ5441THBBE concrete pump truck is also ideal for small to medium-scale construction projects such as residential buildings, commercial buildings, and industrial complexes. The truck-mounted concrete pump can easily navigate through narrow streets and alleys, making it perfect for construction sites in urban areas.

In conclusion, the ZOOMLION ZLJ5441THBBE concrete pump truck is a versatile and powerful machinery that can be used in various product application occasions and scenarios. Its BENZ chassis, Actros 4143 cabin, and 6-section boom make it a reliable and efficient equipment for any construction project.
