Product Description

2012 48M SANY Truck-mounted Concrete Pump

Product Description:

Product Overview - Used Concrete Pump Truck

Welcome to the world of used concrete pump trucks! If you are in the market for a reliable and efficient concrete pump truck, look no further than SANY. Our used concrete pump trucks for sale are top-of-the-line and built to last. With SANY, you can expect high quality and exceptional performance.

Brand: SANY

SANY is a well-known and trusted brand in the construction industry. With years of experience and expertise, SANY has become a leader in producing high-quality equipment for construction projects. Our used concrete pump trucks are no exception - they are built to withstand tough working conditions and provide reliable performance.

Manufacturer: SANY

SANY is the manufacturer of this used concrete pump truck. As the manufacturer, we have full control over the production process, ensuring that every truck meets our high standards of quality and durability. We take pride in our products and stand behind them with confidence.

Capacity of Fuel Tank: 600L

Our used concrete pump truck is equipped with a 600L fuel tank. This large capacity allows for longer working hours without the need for frequent refills. This is especially beneficial for large-scale construction projects where time is of the essence.

Year: 2024

This used concrete pump truck was manufactured in 2024, making it a relatively new model. Despite being used, it is still in excellent condition and can provide many more years of efficient service. With SANY, you can trust that our used equipment is well-maintained and ready for use.

Pressure: 11MPa

Our used concrete pump truck has a pressure capacity of 7MPa. This high pressure allows for efficient and precise pumping of concrete, making it perfect for various construction projects. With our advanced technology, you can expect smooth and consistent flow of concrete with minimal downtime.

Why Choose SANY Used Concrete Pump Truck?

SANY is committed to providing top-quality equipment to our customers. With our used concrete pump trucks, you can expect the following benefits:

High performance and reliability

Cost-effective solution for your construction needs

Well-maintained and inspected equipment

Expertise and support from the manufacturer

Don't settle for less when it comes to your construction equipment. Choose SANY and experience the difference in quality and performance. Contact us today to learn more about our used concrete pump trucks for sale!

With dimensions of 11250*2500*3910mm³, this truck is compact and easy to maneuver. Don't miss out on this great deal - it was manufactured in 2012 and is ready to work for you!

Applications:

Used Concrete Pump Truck – The Perfect Solution for Your Construction Needs

If you are in the construction business, then you know the importance of having a reliable and efficient concrete pump truck. And when it comes to used concrete pump trucks, there is no better option than the SANY SYM5310THB40B. This top-of-the-line product from SANY, one of the leading manufacturers in the industry, is designed to meet all your construction needs with its exceptional performance and durability.

Product Description

The SANY SYM5260THB1C is a used concrete pump truck that is perfect for any construction project. With a powerful engine and a sturdy chassis, this product is built to handle heavy-duty operations. It is equipped with a 300/1800 engine power and 4 axel, making it capable of pumping concrete to a height of 47.1m and a horizontal reach of 40.6m. The truck has a weight of 31ton, making it easy to transport and maneuver on construction sites.

Application and Use

The SANY SYM5310THB40B48E is mainly used for pumping concrete to high-rise buildings, bridges, tunnels, and other construction projects. Its long horizontal reach and high pumping capacity make it ideal for projects that require large amounts of concrete to be pumped at a considerable distance. This product is also useful in areas where traditional concrete delivery methods are not feasible, such as in remote or difficult-to-reach locations.

Product Features

Brand Name: SANY

Model Number: SYM5310THB40B 48E

Place of Origin: China

Minimum Order Quantity: 1 unit

Price: Negotiable

Packaging Details: Containers, RORO ship

Delivery Time: 25 days

Payment Terms: L/C, T/T

Supply Ability: 10 units per month

Weight: 31ton

Manufacturer: SANY

Engine Power: 300/1800

Chassis Brand: SANY

Why Choose SANY SYM5310THB40B 48E?

There are several reasons why the SANY SYM5310THB40B 48E is the best choice for your construction needs:

Reliable and Durable: SANY is known for its high-quality products, and the SYM5310THB is no exception. It is built to withstand heavy-duty operations and is designed to last for years.

Efficient Pumping Capacity: With a maximum pumping capacity of 120m³/h, this product can easily handle large concrete pouring tasks, making it perfect for big construction projects.

Easy to Operate: The truck is equipped with a user-friendly control system, making it easy for operators to control and adjust the pumping process.

Cost-Effective: Buying a used concrete pump truck can save you a significant amount of money compared to purchasing a new one. And with SANY's reputation for reliability and durability, you can be sure that your investment will pay off in the long run.

Order and Delivery

The minimum order quantity for the SANY SYM5310THB40B is 1 unit, and the price is negotiable. The product is packaged in containers or RORO ships, depending on the customer's preference. The delivery time is 25 days, and the payment terms accepted are L/C and T/T. With a supply ability of 10 units per month, you can be assured of timely delivery.

Invest in the SANY SYM5310THB40B 48E used concrete pump truck for your construction needs and experience the efficiency and reliability of this top-quality product. Contact us today to place your order and take your construction projects to the next level!

Get Your Customized Used Concrete Pump Truck Today

Don't settle for a one-size-fits-all concrete pump truck. Contact us today to discuss your customized options for the SANY SYM5260THB1C and get the perfect pump for your next project. Our team of experts is ready to assist you and provide a competitive quote for your customized used concrete pump truck.

Packing and Shipping:

Packaging and Shipping of Used Concrete Pump Truck

Our used concrete pump truck is carefully packaged to ensure safe delivery to our customers. Each truck is inspected and cleared for shipping by our team of experts.

Packaging

The truck is cleaned and washed before packaging to remove any dirt or debris. It is then carefully loaded onto a flatbed truck or shipping container, depending on the size and destination of the order.

To protect the truck during transportation, it is securely strapped down and covered with a waterproof tarp. Any loose parts, such as hoses or accessories, are also secured to prevent damage during transit.

Shipping

We offer both domestic and international shipping options for our used concrete pump truck. Domestic orders are typically shipped via flatbed truck or freight carrier, while international orders are shipped via ocean freight or air freight.

Our team works closely with trusted shipping partners to ensure timely and secure delivery of our products. We also provide tracking information for our customers to monitor the progress of their order.

For international orders, we handle all necessary customs paperwork and ensure that our products comply with all relevant regulations and standards.

Once the truck reaches its destination, our team will assist with unloading and placement of the truck at the designated location.

Conclusion

At Used Concrete Pump Truck, we take great care in packaging and shipping our products to ensure they arrive in top condition. With our reliable shipping options and careful handling, you can trust that your used concrete pump truck will reach you safely and on time.
