

Used Concrete Pump Truck 36.2m Max Vertical Reach 180 M3/h Output

Our Product Introduction

for more products please visit us on hnhzmachinery.com

Basic Information

- Brand Name: Sany
- Model Number: SYM5445THB
- Minimum Order Quantity: 1
- Price: Negotiate
- Packaging Details: N/A
- Delivery Time: 7 Days

Product Specification

- Sling Type: Rack
- Marketing Type: Ordinary Product
- Boom Length: 39 Meters
- Elevator Door: Center Opening Door
- Depth: 40.2m
- Power: 324 KW (441 HP)
- Slewing Angle: $\pm 270^\circ$
- Max Vertical Reach: 36.2m
- Highlight: used concrete pump truck 36.2m reach,
concrete pump truck precise placement,
vertical reach concrete pump truck

Product Description

Product Description:

Are you in need of a reliable and efficient solution for your concrete pumping projects? Look no further than our exceptional offering of a Used Concrete Pump Truck. This truck-mounted concrete pump, also known as a beton pump, is the perfect choice for various construction sites and applications.

Equipped with impressive features, this Used Concrete Pump Truck boasts a Slewing Angle of $\pm 270^\circ$, allowing for extensive reach and flexibility during operation. With a Max Vertical Reach of 36.2 meters, this pump truck can easily access challenging or high-reaching areas on the job site, ensuring that your concrete can be efficiently and accurately placed wherever needed.

When it comes to productivity, this pump truck excels with a Max Concrete Output of 180 cubic meters per hour. This high output capacity ensures that your concrete pouring tasks are completed swiftly and with precision, saving you time and labor costs.

Designed for stability and maneuverability, the Axle Config of this concrete pump truck features 3 axles. This configuration provides the necessary support and balance for the truck-mounted pump, allowing it to navigate various terrains and job site conditions with ease.

Moreover, the Boom Length of this Used Concrete Pump Truck stretches to an impressive 39 meters, offering extensive reach and coverage for your concrete placement needs. Whether you are working on a residential, commercial, or industrial project, this pump truck can handle the job efficiently and effectively.

With its reliable performance, advanced features, and robust construction, this Used Concrete Pump Truck is a valuable asset for construction companies, contractors, and project managers looking to enhance their concrete pumping operations. Don't miss out on the opportunity to streamline your concrete pouring processes with this exceptional truck-mounted concrete pump.

Features:

Product Name: Used Concrete Pump Truck

Boom Model: M37z

Marketing Type: Ordinary Product

Type: 2025 Concrete Mixer Pump Truck

Max Vertical Reach: 36.2m

Max Concrete Output: 180 M3/h

Technical Parameters:

Elevator Door	Center Opening Door
Sling Type	Rack
Pressure	12Mpa
Boom Length	39 Meters
Depth	40.2m
Max Concrete Output	180 M3/h
Type	2025 Concrete Mixer Pump Truck
Max Vertical Reach	36.2m
Power	324 KW (441 HP)
Slewing Angle	$\pm 270^\circ$

Applications:

Sany SYM5445THB Truck-mounted Concrete Pump is a versatile and powerful machine designed for a wide range of construction projects. With a boom length of 39 meters and a slewing angle of $\pm 270^\circ$, this concrete pump truck offers exceptional reach and flexibility on the job site.

Whether you are working on a high-rise building, a bridge construction, or a residential project, the Sany SYM5445THB concrete pump truck is a reliable partner that can efficiently deliver concrete to the desired location. Its center opening elevator door allows for easy loading of materials, while its deep reach of 40.2m ensures that even hard-to-reach areas can be easily serviced.

With a minimum order quantity of 1 and a negotiable price, the Sany SYM5445THB concrete pump truck is accessible to both small and large-scale construction companies. The quick delivery time of 7 days means that you can have this powerful machine on your site in no time, ready to boost productivity and streamline your concrete pouring process.

Used in a variety of applications, including building construction, road construction, and infrastructure projects, the Sany SYM5445THB concrete pump truck is a valuable asset that can save time and labor costs. Its efficiency and reliability make it an essential tool for any construction project requiring precise and timely concrete placement.

Whether you are looking to purchase a new concrete pump truck or add to your existing fleet, the Sany SYM5445THB is a top choice for those in need of a durable, high-performance machine. Trust in Sany's reputation for quality and innovation, and invest in a concrete pump truck that will meet your needs and exceed your expectations.
