

Used Concrete Pump Truck 39m Boom Euro 3 324KW

Our Product Introduction

for more products please visit us on hnhzmachinery.com

Basic Information

- Brand Name: Sany
- Model Number: SYM5445THB
- Minimum Order Quantity: 1
- Price: Negotiate
- Packaging Details: N/A
- Delivery Time: 7 Days

Product Specification

- Boom Model: M37z
- Boom Length: 39 Meters
- Elevator Door: Center Opening Door
- Max Vertical Reach: 36.2m
- Sling Type: Rack
- Emission Standard: Euro 3
- Marketing Type: Ordinary Product
- Axle Config: 3 Alex
- Highlight: used concrete pump truck 36.2m reach,
2025 concrete pump truck 324 KW,
used concrete pump truck with warranty

Product Description

Product Description:

Product Summary: Used Concrete Pump Truck

Marketing Type: Ordinary Product

Emission Standard: Euro 3

Keyword: Concrete Pump Truck

Max Concrete Output: 180 M3/h

Boom Length: 39 Meters

Are you in need of a reliable and efficient concrete pumping solution? Look no further than this exceptional Used Concrete Pump Truck. With a marketing type of Ordinary Product, this concrete pump truck adheres to Emission Standard Euro 3, ensuring environmentally friendly operation.

The keyword "Concrete Pump Truck" perfectly describes this versatile machine that is designed to streamline your concrete pumping tasks. Equipped with the capability to deliver a maximum concrete output of 180 M3/h, this concrete pump truck is a powerhouse in the construction industry.

When it comes to reach and flexibility, the boom length of 39 meters sets this used concrete pump truck apart from the rest. Whether you are working on high-rise buildings or expansive construction sites, this machine's impressive boom length ensures that concrete can be efficiently pumped to your desired location.

Investing in a concrete pump truck such as this one not only enhances productivity but also provides a cost-effective solution for your concrete pumping needs. The combination of high performance and durability makes this used concrete pump truck a valuable asset for any construction project.

Experience the convenience and efficiency of a concrete pump with this reliable machine. The keywords "Concrete Pump" and "beton Pump" truly capture the essence of this equipment, showcasing its ability to deliver concrete with precision and speed.

Don't miss out on the opportunity to enhance your construction operations with this exceptional used concrete pump truck. Contact us today to learn more about how this machine can revolutionize the way you handle concrete pumping tasks.

Features:

Product Name: Used Concrete Pump Truck

Slewing Angle: $\pm 270^\circ$

Elevator Door: Center Opening Door

Depth: 40.2m

Max Vertical Reach: 36.2m

Sling Type: Rack

Technical Parameters:

Max Concrete Output	180 M3/h
Power	324 KW (441 HP)
Slewing Angle	$\pm 270^\circ$
Type	2025 Concrete Mixer Pump Truck
Sling Type	Rack
Elevator Door	Center Opening Door
Axle Config	3 Axle
Marketing Type	Ordinary Product
Pressure	12Mpa
Max Vertical Reach	36.2m

Applications:

Truck mounted concrete pumps, such as the Sany SYM5445THB, are versatile equipment used in a variety of construction projects due to their efficiency and convenience. The product is suitable for a wide range of application occasions and scenarios, making it a valuable asset for construction companies and contractors.

One common application scenario for the Sany SYM5445THB concrete pump truck is in large-scale construction projects such as high-rise buildings, bridges, and infrastructure development. With a maximum concrete output of 180 M3/h, this powerful equipment can efficiently transport and pour large volumes of concrete, ensuring timely project completion.

Construction sites with challenging access points or limited space also benefit from the use of a concrete pump truck. The boom model M37z, with a depth of 40.2m and a slewing angle of $\pm 270^\circ$, provides flexibility in reaching difficult areas with precision and ease. This makes the Sany concrete pump truck ideal for projects in urban areas or confined spaces.

Moreover, the emission standard of Euro 3 ensures that the Sany SYM5445THB is environmentally friendly, making it suitable for use in various locations without causing excessive pollution. The quick delivery time of 7 days and the option for a minimum order quantity of 1 unit make it a convenient choice for urgent construction needs.

Whether it's pouring concrete for residential buildings, commercial structures, or civil engineering projects, the Sany concrete pump truck

offers a reliable solution. The price is negotiable, allowing for flexibility in budgeting, and the packaging details are not applicable, simplifying the procurement process for buyers.
