

Used Concrete Pump Truck 39m Boom Euro 3 180 M3/h Output

Basic Information

- Brand Name: Sany
- Model Number: SYM5445THB
- Minimum Order Quantity: 1
- Price: Negotiate
- Packaging Details: N/A
- Delivery Time: 7 Days

Product Specification

- Marketing Type: Ordinary Product
- Slewing Angle: $\pm 270^\circ$
- Power: 324 KW (441 HP)
- Emission Standard: Euro 3
- Keyword: Concrete Pump Truck
- Type: 2025 Concrete Mixer Pump Truck
- Max Concrete Output: 180 M3/h
- Max Vertical Reach: 36.2m
- Highlight: **used concrete pump truck with 39m boom, affordable M37z boom concrete pump, used concrete pump truck with warranty**

Product Description

Product Description:

This Used Concrete Pump Truck is a reliable and efficient piece of equipment that is perfect for construction projects requiring precise concrete pouring. With a 3 Axle Config, this truck-mounted Concrete Pump offers stability and flexibility on various job sites.

The 2025 Concrete Mixer Pump Truck is designed to handle demanding tasks with ease. Its powerful performance and durable construction make it a valuable asset for any construction team. This particular model adheres to the Euro 3 Emission Standard, ensuring eco-friendly operation.

One of the key features of this Concrete Pump Truck is its impressive Max Vertical Reach of 36.2m. This capability allows for efficient concrete placement even in challenging locations, making it a versatile tool for construction projects of all sizes.

Whether you are working on a high-rise building or a residential complex, this Truck-mounted Concrete Pump will streamline your concrete pouring process. Its precision and reliability make it a top choice for contractors looking to enhance productivity and quality on their job sites.

Investing in a reliable and well-maintained Used Concrete Pump Truck can save you time and money in the long run. With this quality equipment at your disposal, you can tackle concrete pumping tasks with confidence and efficiency.

Don't miss out on the opportunity to enhance your construction capabilities with this exceptional Concrete Pump Truck. Contact us today to learn more about this reliable and versatile piece of machinery!

Features:

Product Name: Used Concrete Pump Truck

Emission Standard: Euro 3

Depth: 40.2m

Slewing Angle: $\pm 270^\circ$

Boom Model: M37z

Keyword: Concrete Pump Truck

Technical Parameters:

Max Vertical Reach	36.2m
Elevator Door	Center Opening Door
Marketing Type	Ordinary Product
Boom Model	M37z
Keyword	Concrete Pump Truck, Truck-mounted Concrete Pump
Boom Length	39 Meters
Axle Config	3 Alex
Depth	40.2m
Power	324 KW (441 HP)
Max Concrete Output	180 M3/h

Applications:

Sany SYM5445THB is a powerful Truck-mounted Concrete Pump that is ideal for various construction projects. With a power of 324 KW (441 HP) and a boom length of 39 meters, this concrete pump truck is designed to efficiently pump concrete to high-rise structures and hard-to-reach areas.

The minimum order quantity for the Sany SYM5445THB is 1, making it suitable for both small and large construction companies. The price is negotiable, allowing flexibility for different budget requirements.

One of the key features of this truck-mounted concrete pump is its sling type, which is rack, providing stability and reliability during operation. The slewing angle of $\pm 270^\circ$ enables precise control and placement of the concrete, enhancing productivity on the construction site.

Whether it's for residential, commercial, or industrial projects, the Sany SYM5445THB can meet the concrete pumping needs within a delivery time of 7 days. The 3-axle configuration ensures mobility and maneuverability, allowing the truck to access various job sites with ease.

Used in scenarios such as building construction, infrastructure development, and roadwork, this truck-mounted concrete pump offers efficiency and convenience in concrete pouring. Its durable construction and high-performance capabilities make it a reliable choice for demanding construction environments.
